## ANNOUNCEMENTS AND SPECIAL NOTICES

### COMMISSION EXPRESSES CONCERN WITH FAILURE OF ISSUERS TO TIMELY AND PROPERLY FILE PERIODIC AND CURRENT REPORTS.

The SEC today expressed its concern with the failure by many issuers who are subject to the periodic reporting requirements of the federal securities laws to comply with those requirements. The reporting requirements, which are designed to provide public investors with the financial and other information necessary to make informed investment decisions, are among the most important elements of the full disclosure policy of the federal securities laws.

The Commission believes that strict compliance with these requirements is essential to the maintenance of fair and orderly trading markets. For this reason, the Commission has directed its staff to monitor closely compliance with these reporting provisions. In appropriate instances, the Commission will consider temporarily suspending trading in securities of delinquent issuers, in order to alert the public to the lack of adequate, accurate and current information concerning such issuers. Brokers and dealers are reminded that no quotation may be entered at the conclusion of such a temporary suspension without strict compliance with the provisions of Securities Exchange Act Rule 15c2-11 requiring the availability of specified financial and other information. In addition, the Commission may institute court actions or administrative proceedings to compel the filing of delinquent reports and/or to enjoin future violations of the reporting requirements. Further, the Commission may refer appropriate cases to the Department of Justice for criminal prosecution.

The Commission reminds issuers that reports are deemed filed with the Commission upon receipt at the Commission's headquarters in Washington, D.C. In order to assist the Commission in processing these reports, it is requested that they be delivered or mailed to Room 130, 500 North Capitol Street, N.W., Washington, D.C. 20549, which is the Commission's central receiving facility.

The Commission also reminds issuers that there are provisions under the federal securities laws relating to requests for extensions of time within which to file reports. Issuers having questions relating to requests for such extensions of time should communicate with the Commission's Division of Corporation Finance. (Release 34-10214) FULL TEXT
